

Work with confidence.

Know when your claims are accepted, where your money is, and that your communications are encrypted.

Your dental office submits insurance claims, sends attachments, and needs to communicate via email safely and confidently. Make that process more efficient, precise, and fast with **Practice Core**.

What does Practice Core do?

Practice Core™ platform includes three software solutions unified as a bundle. Together they allow you to save and send attachments and insurance claims, for one flat-rate price¹. You can track your claims to see if they are accepted or rejected right away. You can also communicate via encrypted email with patients, providers, payers, and anyone else your office needs to reach. Practice Core helps your office stay in control of your claims, resulting in faster claim processing.

Remote Lite® eClaims Processing

- A flat rate price for unlimited claim submission
- Includes pre-authorizations, re-submissions, and claims that need printing and mailing
- Ability to view EOBs in real-time — submit your claim with the patient in the office and get an EOB quickly. Collect payment before the patient leaves
- Track your claims on one platform
- See the claim status (accepted, rejected, or printed) usually within 24-48 hours of submission

FastAttach® Electronic Attachments

- Electronically transmit claim attachments including: x-rays, perio charts, intra oral photos, EOBs, narratives
- Unlimited attachments, delivered electronically
- Minimal training required
- Get notified when an insurance carrier suggests an attachment

Vyne Connect™ Encrypted Email

- Enable up to 5 email accounts
- Choose how the recipient verifies their identity
- Communicate with patients and providers using an end-to-end email service
- Use this and other tools to aid your organization with regulatory requirements

**No long term
commitment required²**

**No setup¹ or
cancellation fees**

**Software support
included**

1. Taxes and incidental fees may apply.

2. Discount available for longer term contracts.
