Communicate with confidence using **Vyne Connect**

Vyne Connect delivers affordable, encrypted email exchange

How can you safeguard the sensitive information of your patients, while communicating with them in a manner that's convenient? Email is a quick way to send info to patients, payers, and other providers, but depending on what's being sent, it could cause a compliance nightmare if you're not using an encrypted email service.

Take the fear out of knowing what can and can't be sent via standard email

Vyne Connect™ encrypted email makes sending sensitive information a snap — and it helps keep you in line with increasingly complex security regulations. Vyne Connect uses a trusted encryption standard for its messaging platform.

- Send virtually anything from treatment plans to billing information
- Take control of your communications with flexible options for message auditing, notifications, expiration, and message recall
- Requires minimal training, easy to use
- Setup process takes just minutes
- Allows you to use your existing email address
- Recipients can view, download, and reply to emails sent at no added cost

Affordable, robust, encrypted email at your fingertips

We've taken the guesswork out of searching for the best value email encryption program for your practice. Vyne Connect gives you access for five email accounts to send encrypted messages for only **$19.97 per month**[1].

VYNE DENTAL

What can you do with Vyne Connect Email Encryption?

Encrypt and send documents from most major email applications.

Reduce cost, risk of data loss, and minimize compliance issues

Simple setup, minimal training, & unlimited support from Vyne Dental

Take control with message auditing, notifications, expiration, & message recall

Send encrypted records from your dental practice including other providers, patients, or payers

Intelligent message controls

Vyne Connect enables you to take control of your communications using your existing email accounts. It provides flexible options that a standard email service cannot offer. These intelligent message controls include the ability to:

- Showing who, when, and where each message was opened
- Setup instant notifications that tell you when an email was viewed by the recipient
- Set expiration dates/times so that you can make a message available for a specified window of time
- Recall a message that may have been sent to an incorrect email address

Take the next step in improving your data security with Vyne Connect
